

2023 E-Learning Membership

E-learning is a very effective tool when onboarding new team members who need to familiarize themselves with our culture, systems, and the daily responsibilities that fall within their job descriptions, and it's also for seasoned team members to refine their skills. E-learning is always available on-demand to revisit popular courses, strengthen job skills, stay up to par with our foundational systems, and train those interested in a new career path with Paul Mitchell Schools. Overall, e-learning can save time, money, and energy, making it an effective way to improve job satisfaction and performance. Check out our AMAZING additions below, along with over 120 existing courses always available at your fingertips!

COURSE CATEGORIES

- Orientation and Onboarding
- All Team Members
- Leadership
